New Customer Discount

We are delighted to be able to offer you a new customer discount of £2.00 off your first order with Healthspan.

Steeply rising postage costs from Guernsey to the UK, together with high establishment costs and tax changes have meant that we were compelled to move the distribution base out of Guernsey into Holland. This has involved us making available to you the services of a separate company called Post Direct to act on your behalf. This decision wasn't taken lightly; it was made to ensure that we continue to supply our products at the best possible prices to you.

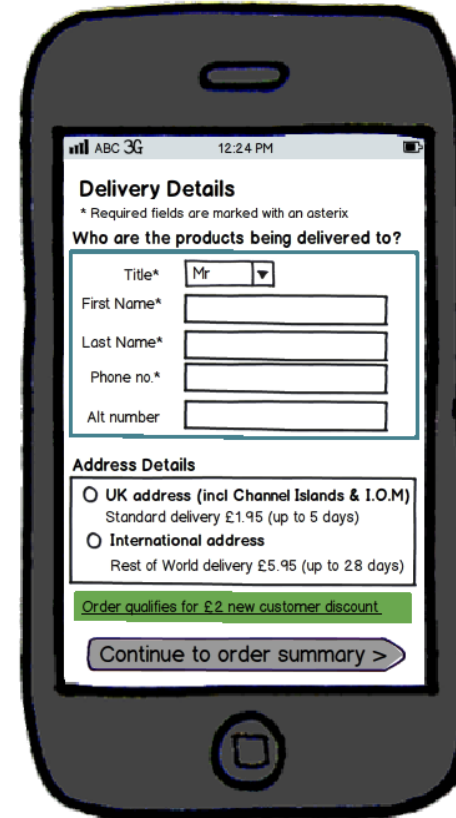

PostDirect will continue to charge you £1.95 for their services, which most companies would leave with their customers. However we recognize that these are challenging economic times, therefore we are discounting your order for goods from Healthspan by £2.00. This New Customer Discount applies to all Healthspan Limited orders including those where you contract delivery services from PostDirect. Please note -specific products supplied by Healthspan UK Limited do not qualify for the New Customer Discount.
